1. Request Business Travel

As a global enterprise, we encourage cross-border collaboration while ensuring employee safety and budget compliance.

Steps and Requirements:

1. Identify the business need for travel (e.g., client onsite, critical internal project).
2. Go to the **Employee Portal > Global Travel Desk**.
3. Select **New Travel Request**.
4. **Requirement:** Submit your request at least 14 days prior to domestic travel and 21 days prior to international travel.
5. Fill in the destination, dates, and purpose.
6. Attach managerial approval if the travel spans outside your primary Business Unit's budget.
7. Submit the request to the Travel Approval queue.

2. Estimate Budget

Before submitting a travel request, employees must provide a reasonable budget estimate based on corporate standards.

Guidelines for Estimating Budget:

- **Flights:** Use the Travel Portal's search tool to find the lowest logical airfare (Economy class for flights under 6 hours, Premium/Business for flights over 6 hours based on title).
- **Accommodation:** EnterpriseCorp has negotiated rates with global hotel chains (e.g., Marriott, Hilton). Always select "Corporate Rate" hotels in the portal. Maximum nightly limits vary by city (e.g., New York: \$350, Mumbai: \$150).
- **Per Diem:** Check the "Daily Allowance" chart on the Travel Desk portal to estimate food and local transit costs for the specific country you are visiting.

3. Generate Travel Plan

Once your travel request and budget are approved, you must finalize the itinerary.

Steps to Generate Travel Plan:

1. Upon approval notification, log back into the **Global Travel Desk**.
2. Navigate to your **Approved Requests**.
3. Click **Book Itinerary**. This redirects you to our corporate travel booking partner.
4. Select your preferred flights and hotel within the approved budget constraints.
